• Contemporary art deco style

Contina combines attractive design and functionality, where it is the carefully selected details that make the series stand out and unique. The light frame is completed by a spherical opal white glass dome that hides the light source and spreads a soft glare free light into the room.

Contina is an exclusive long pendant with three light sources in the most beautiful brass, which adds warmth and coziness to the bright Nordic decor. With the slim design, the pendant does not cut the visibility or take up any unnecessary space in the room, and therefore, it is perfect above the long dining or kitchen table.
