Piso oozes of Nordic minimalism. The stylish design gives Piso a timeless and modern expression, where the large illuminated surface contributes to a beautiful homogenous light. The slim design is combined with built-in dim-to-warm technology operated by your wall dimmer switch, which makes it extremely easy to change the light temperature in your room.

The Piso pendant is made of elegant white metal, which together with the soft shapes give the lamp a minimalistic expression. The pendant emits a practical homogeneous light through the frosted shade and therefore, it is ideal above the dining table or kitchen island.
